

St James' Church of England Primary School

MFL (French)

Our Christian Values and Pupils' Personal Development

Our curriculum is an important means by which we develop the values of our school in our pupils during their time at St James' Church of England Primary School. When planning and delivering lessons, teachers give attention to our Christian values of **Endurance, Forgiveness, Koinonia, Peace, Thankfulness** and **Trust** which are relevant to the unit of work. Our aim is to encourage positive attitudes to learning, to ourselves as individuals and to other members of our community.

Cultural Capital

Through our curriculum we aim to provide our children with the skills and knowledge they require to be educated citizens with an appreciation of human creativity and achievement throughout human history. With these insights our pupils will have the capacity to be happy, independent, confident individuals able to benefit from and contribute to their local communities and wider society.

Reading

The effective teaching of reading is of paramount importance. Becoming efficient readers enables our children to achieve our other curricular aims much more easily. It is a skill for life. We give the highest priority to the improvement of children's reading

Purpose of Study

Learning a foreign language is a liberation from insularity and provides an opening to other cultures. A high-quality languages education should foster pupils' curiosity and deepen their understanding of the world. The teaching should enable pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping pupils to study and work in other countries.

Aims

The national curriculum for languages aims to ensure that all pupils:

-  understand and respond to spoken and written language from a variety of authentic sources
-  speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
-  can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
-  discover and develop an appreciation of a range of writing in the language studied.

Teaching should focus on enabling pupils to make substantial progress in one language. The teaching should provide an appropriate balance of spoken and written language and should lay the foundations for further foreign language teaching at key stage 3. It should enable pupils to understand and communicate ideas, facts and feelings in speech and writing, focused on familiar and routine matters, using their

knowledge of phonology, grammatical structures and vocabulary. The focus of study in modern languages will be on practical communication. Pupils should be taught to:

-  listen attentively to spoken language and show understanding by joining in and responding
-  explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words
-  engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help
-  speak in sentences, using familiar vocabulary, phrases and basic language structures
-  develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases
-  present ideas and information orally to a range of audiences
-  read carefully and show understanding of words, phrases and simple writing
-  appreciate stories, songs, poems and rhymes in the language
-  broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary
-  write phrases from memory, and adapt these to create new sentences, to express ideas clearly
-  describe people, places, things and actions orally and in writing.

Intent

Our aim at St James' Haslingden is to foster a sense of wonder and curiosity in all our learners and help them to make sense of the world around them. Learning a foreign language enables pupils to see themselves as global citizens and provides an opening to other cultures. A high-quality languages education should deepen their understanding of the world and equip them to play active roles in our multicultural society. Teachers should feel confident in enabling children to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. Languages should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping children to study and work in other countries.

At St James Haslingden, it is our intent that children will begin their languages learning in Key Stage 2. In Lower KS2, children will acquire basic skills and understanding of French with a strong emphasis placed on developing their speaking and listening skills. These will be embedded and further developed in Upper KS2, with greater emphasis on reading and writing, gradually progressing onto more complex language concepts and greater learner autonomy.

Implementation

In line with the National Curriculum for MFL, pupils at St James' Haslingden are taught to:

-  listen attentively to spoken French language and show understanding by joining in and responding
-  explore the patterns and sounds of French language through songs and rhymes and link the spelling, sound and meaning of words
-  engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help
-  speak in sentences, using familiar vocabulary, phrases and basic French language structures

-  develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases
-  present ideas and information orally to a range of audiences
-  read carefully and show understanding of words, phrases and simple writing
-  appreciate stories, songs, poems and rhymes in French
-  broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary
-  write phrases from memory, and adapt these to create new sentences, to express ideas clearly
-  describe people, places, things and actions orally and in writing
-  understand basic French grammar, including: feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

French lessons are taught weekly in KS2 by class teacher. Children demonstrate their learning through speaking and listening, participation in games and songs, completing practical activities and recording individual responses in their French exercise books.

Impact

The MFL subject leader will continually monitor the impact MFL teaching is having on the children's learning, through work scrutiny and discussions with pupils, to ensure adequate progression of knowledge and skills from Year 3 right through to Year 6. They will also look for opportunities to celebrate languages across the school year, ensure the knowledge taught is continually revisited and check that the learners are able to apply the skills they have been taught to a variety of different settings, showing independence with their learning.
